4-Room Entertainment

Unbelievably simple
4-Room Entertainment Systems!

Begin with the basic A/V Receiver.
Now create three great Points of Entry.

BASIC AUDIO
SAME MUSIC ALL ROOMS

INDEPENDENT LISTENING
DIFFERENT MUSIC EACH ROOM

MULTIPLE HI-DEF SURROUNDS
DIFFERENT SURROUND SOUND
& VIDEO EACH ROOM

**SAME MUSIC
ALL ROOMS**

BASIC AUDIO

VOLUME CONTROL = DLA

+

ANY LEARNING REMOTES

RECEIVER

+

ANY LEARNING
REMOTES

+

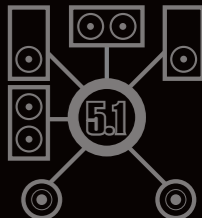

A/TON
DLA, DH, HDR

+

STEREO
SOUND

OR

5.1 SURROUND
SOUND

Expandability

These systems do not stop at four rooms.

Consider the following:

PACKAGE A – DLA: 2, 4 or 6 rooms

PACKAGE B – DH44: Up to 28 rooms

PACKAGE C – HDR44: Up to 16 rooms

Secondary rooms can be supported with single gang keypads for each system to provide basic systems functionality.

Wireless Volume Control Options

PACKAGE A – DLA can add an RF remote for outdoor and around the house volume control and on/off control only.

Fidelity That Will Amaze You

All three of these systems are tuned to provide exceptional audio quality.

PACKAGE A – **DLA4** sets a standard well beyond any speaker selector in the market and delivers more power per speaker while offering remote control capability.

PACKAGE B – **DH44** digital amplifiers outperform the competition and provide EQ features in each room.

PACKAGE C – **HDR44** introduces digital sources for audio and keeps audio integrity over long runs. Also its Hi-Def matrix video switching combined with digital audio is unmatched at this price point.

We Built These Products On A Solid Track Record

ATON product quality is one of the highest in the market today. Our experience has approached a zero defect level. Our service beyond expectations gets you a fast replacement when needed.

Suitable for:

- ▶ Townhomes
- ▶ Studios
