

VIA!® VALET6.4

Tabletop/Under-Cabinet Color Touch Panel

Award-Winning VIA!® Control...

Featuring the same functionality as ELAN's award-winning VIA!@64 In-Wall Touch Panel, this addition to the VIA! lineup gives you full control of whole-house A/V systems, lighting, security, temperature, video monitoring and more.

With All the Flexibility to Adapt...

The VIA!Valet6.4 is ideal for desktop, countertop, or under-cabinet mounting. It's unique design allows the screen to rotate & swivel up under a cabinet or fold flat when not in use.

To Your Unique Environment...

The Valet6.4's stylish housing and concealed cable connections provide attractive and functional mounting options anywhere whole-house system control is desired.

Stylish, Incredibly Flexible Control

VIA! Control in the Perfect Package

A member of the time-tested, award-winning VIA! family of control products, the VIA!Valet6.4 is a desktop or cabinet-mounted 6.4-inch

color LCD Touch Panel that offers customized, intuitive control capability for A/V systems, pools & spas, lighting, temperature, and security devices. It is also a video monitor that lets you view satellite or cable TV, DVDs, and security cameras located in and around the home.

favorite cooking show. Adjust the screen up to 180 degrees back to front and 270 degrees right to left for the best viewing angle, then fold it up and out of the way when it's time to eat! Placed on a tabletop or desktop, the VIA!Valet6.4 easily folds and lays flat against its base when not in use.

Flexible Mounting Options

Place the VIA!Valet6.4 anywhere you need instant control of your home's electronic systems. Mounted under a kitchen cabinet, the VIA!Valet6.4 lets you catch the news, weather, or your

Sleek, Stylish Design

The VIA!Valet6.4 is manufactured with high-impact ABS material and a metal internal frame structure for added durability. It is compact, attractive, and features an easy to clean LCD case with a weighted base for increased stability.

The VIA! You Can Put Anywhere!
